DETAILED ACTION

Claims 1-6, 17 and 18 are currently pending in the instant application, appear allowable over the prior art of record and have been renumbered as claims 1-8.

Applicants' amendment filed 31 January 2007 has overcome the objection to claims 2 and 4 as being dependent upon a rejected base claim. The objection of claims 7-16, the 35 USC 112 1st paragraph rejection of claims 7-16 and the provisional obviousness type double patenting rejection of claims 7-9 and 13-15 have been overcome as claims 7-16 have been cancelled. As the only rejection pending would be the provisional nonstatutory obviousness-type double patenting rejection and the instant application is the earlier filed of the two pending applications, the provisional obviousness type double patenting rejection of claims 1 and 6 is withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Leslie E. Aberman on 8 February 2007.

The application has been amended as follows:

1. Amend claim 5 by inserting the term "or" before the last listed compound of the claim.

Application/Control Number: 10/670,646

Art Unit: 1626

2. Amend claim 18 by inserting the term "or" before the last listed compound of the claim.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance. This invention relates to products of the formula I or II. The novel and nonobvious aspect of this invention involves the substituents on the 4-(indazol-3-yl)phenols. The closest prior art of record fails to teach or suggest applicants' instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
